To Whom This May Concern,

From December through January 2011, I had the pleasure to work with and supervise Miranda F. Marcus at NYLON Magazine during her time as my Graphic Design Intern.

During her internship, Miranda helped to design promotional and marketing materials for red-carpet events, ad campaigns, and creative collateral for all venues of NYLON's brand entity. Miranda showed excellence in consistency of design elements and organization, as well as a strong conceptual thought process. Her ability to quickly execute quality work under pressure aided in her success at NYLON.

With that said, it is without question that Miss Marcus is a talented and competent individual. What impressed me most about Miranda was not just her talent, but her attitude. She came early, she stayed late and took initiative without me ever having to ask. She has a strong work ethic that did not waver, no matter how close the deadline was or how tall the task.

Miranda's talent, drive, and attitude will make her an invaluable designer to any firm. Therefore, I highly recommend Miranda F. Marcus as an employee and believe that she would be a great asset to enrich your company.

Please feel free to contact me if you have any questions or comments.

Best regards,
